

Aluminum Alloy Corrosion Resistant Solar Panel Roof Mounts

Basic Information

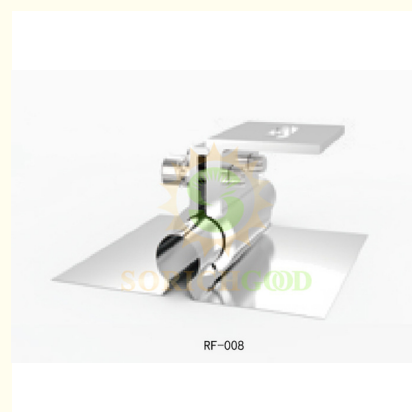

- Place of Origin: China
- Brand Name: XMKS
- Certification: CE
- Model Number: METALR
- Minimum Order Quantity: 100 units
- Price: consult prices online
- Packaging Details: consult online
- Payment Terms: T/T

RF-0007

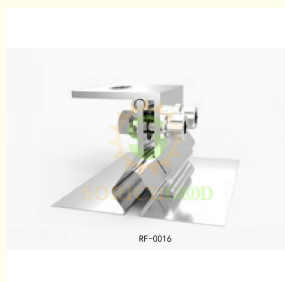

Product Specification

- Highlight: Corrosion Resistant solar panel roof mounts, Aluminum Alloy solar panel roof mounts, Aluminum Alloy solar panel rails and brackets

Product Description

Durable and Corrosion Resistant Aluminum Alloy Mounting Systems for Metal Roofs

METAL ROOF MOUNTING SYSTEM

- 1 Various roof clamps for different metal roof applications.
- 2 Both rail or rail-free solution is available for specific need.
- 3 Light weight system for quick and easy installation.

Rail solution

• L feet mount

Railless solution

• Mini rail base

Product Description:

The Metal Roof Mounting System is a versatile and lightweight solution designed for various metal roof applications. It offers both rail and rail-less options, making it adaptable to different installation needs. The system utilizes high-quality aluminum and stainless steel components, ensuring durability and corrosion resistance in different environments. With its lightweight design, this mounting system provides a quick and easy installation process, reducing construction time and labor costs.

Shipping Methods

Supports global air and sea shipping
